

# CAPABILITY STATEMENT

## COMPANY OVERVIEW

**LVE Services LLC** is a California-based construction company with over a decade of hands-on experience delivering high-quality civil and structural works across major infrastructure projects. The company specializes in bridge construction, highway and traffic control, concrete formwork, pile driving, and heavy equipment operations. Having successfully supported state and federal projects such as Caltrans highway improvements and the California High-Speed Rail, LVE Services LLC is recognized for its technical proficiency, strict adherence to safety standards, and ability to meet complex project deadlines. Our skilled team combines field expertise with strong coordination and problem-solving capabilities to ensure efficient, compliant, and durable project outcomes.

## CORE COMPETENCIES

- **Construction Services:** Over 10 years of experience in large-scale civil engineering projects, including bridges, highways, and foundations.
- **Bridge & Highway Construction:** Expertise in bridge work, highway control, and asphalt paving for Caltrans and government projects.
- **Concrete Formwork:** Skilled in using EfcO panels, gang forms, and custom formwork solutions for large concrete structures.
- **Pile Driving & Shoring:** Experienced in driving sheet piles, H-piles, and shoring, using equipment like the APE hammer for efficiency.
- **Heavy Equipment Operations:** Proficient in operating major heavy equipment, including cranes, excavators, and pile drivers, ensuring precision.
- **High-Speed Rail Infrastructure:** Key involvement in California High-Speed Rail, including viaduct foundations, falsework, and precast girder installations.
- **Safety & Compliance:** Committed to strict adherence to OSHA safety protocols, ensuring job site safety and timely project completion.
- **Flux Core Welding of high-strength steel I-beams and pipe splicing.** Welders hold certifications for, 5G, 2G and 6G pipe splicing

## COMPANY DATA

- **Legal Business Name:** LVE Services LLC
- **Business Address:** 964 N Denair St, Tulare, California 93274
- **Unique Entity ID (UEI):** CD3DM267MBM6
- **CAGE Code:** 12MV2
- **NAICS CODE:** 532411, 236115, 236116, 236210, 236220, 237310, 237990, 423320, 423390, 532120, 532284, 532289, 532310, 532412, 532490, 561710, 812990

## PAST PERFORMANCE

- **Gilroy Water Treatment Plant:** State-Funded Project - Gilroy, California (8 months): Drove sheet piles for a 90-ft concrete tank, poured rebar foundation and walls with EfcO panels. Installed tanks, buildings, roofing, windows, and completed remodels, demonstrating efficiency in civil projects.
- **Highways 49 and 50 Improvement:** State-Funded Project managed by CALTRANS - Bridal Veil Falls (8 months): Drilled 80 feet for H-piles and used 6x12 timbers for road shoring. Collaborated effectively under challenging conditions to ensure timely completion.
- **California High-Speed Rail (Corcoran Viaduct):** Federally Funded Initiative - Corcoran, California (Ongoing): Worked on falsework, night shifts for girders, and collaborated with BNSF on regulations. Used a 900-ton crane for girder installation and crane assembly, overcoming challenges and meeting deadlines.
- **California High-Speed Rail (Viaduct Bridge):** Federally Funded Initiative - Hanford, California (Ongoing): Drove piles, set rebar, poured columns, built falsework, set girders, and constructed derailment walls, demonstrating expertise in large infrastructure projects with high safety standards.

## DIFFERENTIATORS

- **Proven Experience:** Over a decade of experience in infrastructure projects, consistently meeting deadlines with minimal errors.
- **Safety-First Approach:** Safety is our priority, ensuring all team members return home safely by following strict protocols.
- **Problem-Solving Expertise:** We overcome obstacles on complex job sites, providing quick, effective solutions to keep projects on track.
- **Collaborative Teamwork:** Strong internal relationships foster seamless coordination, making us more efficient and adaptable than competitors.
- **Client-Focused:** We work closely with clients and subcontractors to ensure high-quality outcomes, timely delivery, and full compliance.
