

# CAPABILITY STATEMENT

## COMPANY OVERVIEW

**HGR Paramedic Transport, Inc.** provides emergency medical transportation services across Puerto Rico, specializing in urgent and non-urgent patient transport. With over a decade of service, the company operates fully equipped Type III ambulances and employs certified EMTs and paramedics. HGR Paramedic Transport offers 24/7 ambulance services, interfacility transfers, and on-scene stabilization. Based in the western region of Puerto Rico, the company supports hospitals, clinics, and municipal programs, with a bilingual, trained staff committed to providing reliable, compassionate care in emergencies and scheduled transports.

## CORE COMPETENCIES

- **Emergency Medical Transport (Paramedic & Basic Life Support):** Provides both urgent and non-urgent transportation, ensuring safe and efficient patient transfers under certified EMT and paramedic supervision.
- **24/7 Ambulance Services:** Fast response for emergency calls and interfacility transfers, available around the clock to ensure immediate care and support.
- **Advanced Pre-Hospital Care:** On-scene stabilization for critical patients, providing life-saving interventions before transport to medical facilities.
- **Mobile Medical Support:** Medical support at community events, public gatherings, and critical care transitions, ensuring rapid response in various settings.
- **Patient Assessments & Monitoring:** Comprehensive evaluation and continuous monitoring of patients during transport to ensure safety and effective treatment.
- **Staff Training & Medical Procedures:** Regular, ongoing training for staff in advanced procedures, including intraosseous access (IO), cardiac emergencies, trauma care, and rapid stabilization.
