

COMPANY OVERVIEW

Quantumbyte Innovation LLC is a fast-growing, SDVOSB- and VOSB-certified IT Services and Workforce Solutions provider delivering secure, scalable, and mission-focused technology support to government and commercial clients across the United States. We specialize in full lifecycle IT modernization — including strategy, architecture, software development, cloud engineering, cybersecurity, data analytics, and managed operations — leveraging advanced technologies to help organizations strengthen security, modernize legacy systems, expand workforce capability, and achieve sustainable digital transformation with confidence.

CORE COMPETENCIES

- **IT & Cybersecurity Staffing Solutions:** Qualified professionals for short-term, long-term, or permanent roles, including SOC Analysts, Penetration Testers, Cloud Engineers, Developers, DevSecOps, QA, and IT Support staff.
- **Managed IT & Security Operations:** Scalable IT support covering 24/7 SOC monitoring, patch management, endpoint protection, cloud optimization, network hardening, and compliance support aligned with NIST, FISMA, and HIPAA.
- **Cloud & Infrastructure Engineering:** Design and deployment of AWS, Azure, and Google Cloud environments, infrastructure upgrades, automation, and cost-efficient architecture solutions.
- **Software Development & Modernization:** End-to-end application development, system modernization, integration, DevSecOps workflows, and automation to improve performance and mission readiness.
- **IT Support & Network Administration:** Reliable helpdesk services, NOC support, field support, system administration, and network maintenance to ensure stable and secure operations.
